

SNOW PLOW / WING BLADES

In even the most demanding snow plowing applications VBL™ Snow Plow / Wing Blades are up to task.

Vallite™ - Hot rolled alloy steel, heat treated and stress relieved for unmatched thru-hardness and impact strength.

High Carbon - Hot rolled steel profile with high carbon content.

Standard plow / wing blades are available in various sizes from 1/2" X 4" to 1" X 8" *, with hole sizes and patterns to suit all OEM equipment.

*Custom size configurations available on request

(See also: Carbide Tipped Plow / Wing Blades)

VBL heat treated parts are warranted against breakage throughout the useable life of the part.
